BrainFuse: Help Now

Brainfuse is a homework help website where students and tutors can meet in the Brainfuse Online Classroom. There tutors guide students through homework challenges and help them develop the necessary skills to complete assignments on their own. But that is just the beginning of what Brainfuse has to offer students and adults.

Brainfuse offers live skills tutoring and an extensive library of Brainfuse-created lessons and videos tutorials that can be accessed when the tutors are offline or if the student just needs a little more information on the subject. There are games and quizzes that the student could customize by just uploading the list of words or material needed to be studied and then "play" their way into remembering it all. In addition, SkillsSurfer con-

tains hundreds of practice tests in a wide range of subjects. Along with the normal subjects, SkillsSurfer offers practice test for tests such as:

- The new SAT
- ACT
- The new GED
- TASC (a GED alternative test)
- HiSet (a GED alternative test)
- GRE
- GMAT

- ASVAB
- TOEFL
- TOEIC
- US Citizenship Test Course: (including practice tests and lessons)
- College Placement Test Preparation: (COMPASS/ACCUPLACER)

Once the practice test is taken, the student can see what areas of the test they need help on and either use the online lessons and videos or access a tutor for more help.

Brainfuse also has a Writing Lab where a student can upload a paper they are writing to have the tutors look over it and give them suggestions about areas of their paper, including voice, fluency, organization, and word choice.
