

Teen Getting Crafty

School is back in session and we know that sometimes after the school day is over, you just need something to take your mind off of Reading, Writing and Arithmetic. Why not join us for some easy crafts that you can make in under an hour?

In the month of September, we'll be creating a 3D paper camera photo frame and washi tape "polaroid" frames. Both of these would look great in a locker or on a shelf by your desk at home. We'll provide all of the materials but if you have a particular pattern of washi tape you want to use, please feel free to bring it with you on Thursday September 16th at 4:00 pm.

October brings out all of your trick-or-treat sides and we'll celebrate that by creating DIY paper coffin treat boxes. These cute paper boxes will be a great way to share your favorite candies with your friends.

Again the library will provide all of the materials needed to create this craft. We'll also have blank coffin templates available if the more artistic of you want to decorate your own with markers, colored pencils, or even more washi tape. Join us Thursday October 14th at 4:00 pm for some hauntingly great fun!

BINGE IT B4 U C IT: GHOSTBUSTERS AFTERLIFE

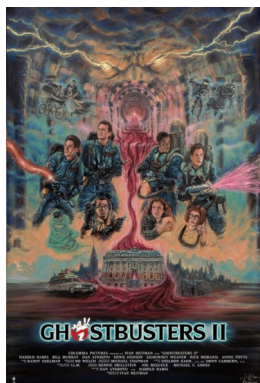

"Do you believe in UFOs, astral projections, mental telepathy, ESP, clairvoyance, spirit photography, telekinetic movement, full trance mediums, the Loch Ness monster, and the theory of Atlantis?" Do you remember what movie this quote is from? That's right! It's from the original Ghostbusters movie! The next chapter of the Ghostbusters

series is coming to theaters in November and we think it's about time for you to binge watch the original movies to get prepared for this next installment. In the upcoming movie "Ghostbusters Afterlife," a single mother and her two children move into a farmhouse in Summerville, Oklahoma, left to them by the children's late grandfather. What is really weird about

Summerville is the series of unexplained earthquakes occurring despite the town not being situated on any fault and strange things that are happening in an old mine once belonged to the alleged occultist Ivo Shandor.

The children discover their grandfather's history relating to New York City's "Manhattan Crossrip of 1984" and wonder if this history is connected to the strange

occurrences happening in this little farm town. Before you run off to get slimed at the theater, why not check out the original movies and get busting with Egon, Ray, Winston and Dr. Peter Venkman?

BrainFuse Help Now

The first day of school was August 12th. Does your student need help understanding their homework yet? Why not let the library's newest database help?

Brainfuse is a homework help website where students and tutors can meet in the Brainfuse Online Classroom. There tutors guide students through homework challenges and help them develop the necessary skills to complete assignments on their own. But that is just the beginning of what Brainfuse has to offer students and adults.

Brainfuse offers live skills tutoring and an extensive library of Brainfuse-created lessons and videos tutorials that can be accessed when the tutors are offline or if the student just needs a little more infor-

mation on the subject. There are games and quizzes that the student could customize by just uploading the list of words or material needed to be studied and then "play" their way into remembering it all. In addition, SkillSurfer contains hundreds of practice tests in a wide range of subjects. Along with the normal subjects, SkillSurfer offers practice tests for:

- TOEFL
 - TOEIC
 - US Citizenship Test Course: (including practice tests and lessons)
 - College Placement Test Preparation: (COMPASS/ACCUPLACER)
- Once the practice test is taken, the student can see what areas of the test they need help on and either use the online lessons and videos or access a tutor for more help.
- Brainfuse also has a Writing Lab where a student can upload a paper they are writing to have the tutors look over it and given them suggestions on areas of their paper, including voice, fluency, organization, and word choice.

13 HALLOWEEN FACTS

1. The first Jack O'Lanterns were actually made from turnips.
2. Halloween is the second highest grossing commercial holiday after Christmas.
3. The word "witch" comes from the Old English wicce, meaning "wise woman." In fact, wiccans were highly respected people at one time. According to popular belief, witches held one of their two main meetings, or sabbats, on Halloween night.
4. Fifty percent of kids prefer to receive chocolate candy for Halloween, compared with 24% who prefer non-chocolate candy and 10% who prefer gum.
5. The largest pumpkin ever measured was grown by Norm Craven, who broke the world record in 1993 with a 836 lb. pumpkin.
6. Trick-or-treating evolved from the ancient Celtic tradition of putting out treats and food to placate spirits who roamed the streets at Samhain, a sacred festival that marked the end of the Celtic calendar year.
7. "Souling" is a medieval Christian precursor to modern-day trick-or-treating. On November 1, the poor would go door-to-door offering prayers for the dead in exchange for soul cakes.
8. "Halloween" is short for "Hallows' Eve" or "Hallows' Evening," which was the evening before All Hallows' Day or All Saints Day on November 1.
9. Ireland is typically believed to be the birthplace of Halloween.
10. Scarecrows, a popular Halloween fixture, symbolize the ancient agricultural roots of the holiday.
11. Mexico celebrates the Days of the Dead (Días de los Muertos) on the Christian holidays All Saints' Day (November 1) and All Souls' Day (November 2) instead of Halloween. The townspeople dress up like ghouls and parade down the street.
12. Dressing up as ghouls and other spooks originated from the ancient Celtic tradition. The Celts believed that disguising themselves this way would allow them to escape the notice of the real spirits wandering the streets during Samhain.
13. Halloween is thought to have originated around 4000 B.C., which means Halloween has been around for over 6,000 years.
