## Read It B 4 U C It: Artemis Fowl

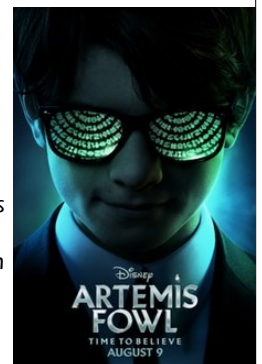

Have you ever wondered what it would be like to be a 12 year old criminal mastermind? What if you helped lead your family's criminal business to try and reinstate your family's wealth?

This is how Artemis Fowl lives his life everyday. He's a child prodigy who had dedicated his life to these criminal activities. While he is leading the Fowl Family criminal empire that has existed for generations, he unexpectedly uses his genius to figure out the existence of fairies among us.

What would you do if you knew that this information could make your family so wealthy that crime would only have to be a hobby and not a career? Would you expose the fairy world to the humans? Do you think the fairies would fight back to protect what they have tried to hide all of these centuries? Are you smart enough to crack the code that is written in the language of the fairies?

Disney has finally filmed this highly anticipated movie and is due to release it in August of this year. The movie's storyline will cover the events in the first two novels of the Artemis Fowl series. The movie will be directed by Kenneth Branagh and star Judi Dench and Josh Gad. Before you pay for popcorn at the theater, why not check out the series and see if you can crack the code with Artemis?

## Overdrive Streaming Video

Most of you know that the library has a streaming movie service available for its patrons but how many of you KNOW that most of the movies we have bought have well known actors and actresses in them? Here's just a few that we thought you might like to see.

Before they were part of Earth's Mightiest Heroes, Robert Downey Jr starred in "A Guide to Recognizing your Saints" where he plays Dito, a writer in L.A., goes home to Astoria, Queens, after a 15-year absence when his mother calls to say his father's ill. As his friends end up dead, on drugs, or in prison, he comes to believe he has been saved from their fates by various so-called saints. Jeremy Renner starred in the biopic "Dahmer" about the serial killer Jeffrey Dahmer's exploits before he was captured. Captain America's Chris Evans starred in the movie

"Puncture" which is a David and Goliath law drama about a drug-addicted lawyer who takes on a health supply corporation while battling his own personal demons. This movie was shot in Houston, Texas. Tom Hiddleston stars in "High Rise," a movie about a different kind of apartment building in 1975 London. You can watch Bradley Cooper who is the voice of Rocket in Guardians of the Galaxy, star along with Jennifer Lawrence in the movie "Serena" which takes place during the Great Depression in North Carolina.

When you are sitting in your pool this summer, why not stream all 6 Sharknado movies? What would be

more fun than dangling your feet in the water while the sharks are taking not only to the sea but the land and air also? Or if you aren't a fan of sharks, why not check out "Piranha" at your next pool party?

Did you know that several of the actors from Disney Channel shows are now in movies? Olivia Holt from "Kickin It" stars in the movie "Class Rank" where two high school outsiders join forces in an attempt to overtake the local school board. Mitchel Musso who starred in "Hannah Montana" and "Pair of Kings" on Disney XD is in the movie "Characterz." This 2016 movie is about life as a costumed mascot at an amusement park. Laura Marano, who plays Ally in "Austin & Ally," stars in "A Sort of Homecoming."

Before David Harbour was Chief Hopper in Stranger Things, he starred with Zac Efron and Tom Welling in the biopic "Parkland" which tells the stories about the people who witnessed the assassination of John F. Kennedy in Dallas.

After Robert Pattinson left the vampires and werewolves of Forks, WA, he was in a movie that chronicles the story behind the 1955 LIFE Magazine photo thread by Dennis Stock of then-rising star, James Dean. The movie called "Life" gives us an inside look at some of Hollywood's most iconic images and into the life of a gifted, but troubled man.

Now that we have piqued your interest, why not sign in with your library card and check one out tonight?
