Teen Read Week 2017

You ever just want to get your story out? This year's theme for Teen Read Week is just that... "UNLEASH YOUR STORY!" We want you to find a story and tell it.. Write it down in a journal,

write fanfiction, make it real, make it fiction, just tell it! In your story, you can be the superhero or you can be the villain. Why not find out what kind of story you have inside you?

Halloween Facts

1. Americans purchase nearly 600 million pounds of candy a year for Halloween.
2. The first Jack O'Lanterns were actually made from turnips.
3. Halloween is the second highest grossing commercial holiday after Christmas.
4. Fifty percent of kids prefer to receive chocolate candy for Halloween, compared with 24% who prefer non-chocolate candy and 10% who preferred gum.
5. The largest pumpkin ever measured was grown by Norm Craven, who broke the world record in 1993 with a 836 lb. pumpkin.
6. Orange and black are traditional Halloween colors for a reason. Orange was chosen because of its association with the fall harvest and black was chosen due to its association with darkness.

READ IT B4 U C IT — MAZE RUNNER DEATH CURE

You read all of the books. You saw the first two movies. Now you need to see what happens to Thomas and the Gladers as they deal with WCKD.

Maze Runner Death Cure will be the final movie in the Maze Runner trilogy. In this one everyone will find out WHY the kids were sent to the Glade in the first

place. What is the Flare? And most important of all WHAT is the Death Cure and exactly WHY is it so important to the people at WCKD? In this movie, we will see how Thomas plans to truly create the time for all of the lies to be over.

The movie has been postponed until February 2018 so that gives you enough time

to reread all of the books and get ready to get to the theaters.

"As we try to instill in each of our subjects over and over,

WICKED is good." — The Death Cure

In a 9 by 9 square Sudoku game:

- In summary, the ***SUDOKU RULE*** is: Complete the sudoku puzzle so that each and every row, column, and region contains the numbers one through nine only once.

BRAINFUSE HELP NOW

The first day of school was August 28th. Does your student need help understanding their homework yet? Why not let the library's newest database help?

Brainfuse is a homework help website where students and tutors can meet in the Brainfuse Online Classroom. There tutors guide students through homework challenges and help them develop the necessary skills to complete assignments on their own. But that is just the beginning of what Brainfuse has to offer students and adults.

Brainfuse offers live skills tutoring and an extensive library of Brainfuse-created lessons and videos tutorials that can be accessed when the tutors are offline or if the student just needs a little more infor-

mation on the subject. There are games and quizzes that the student could customize by just uploading the list of words or material needed to be studied and then "play" their way into remembering it all. In addition, SkillSurfer contains hundreds of practice tests in a wide range of subjects. Along with the normal subjects, SkillSurfer offers practice test for tests such as:

- The new SAT
- ACT
- The new GED
- TASC (a GED alternative test)
- HiSet (a GED alternative test)
- GRE
- GMAT
- ASVAB

- TOEFL
- TOEIC
- US Citizenship Test Course: (including practice tests and lessons)
- College Placement Test Preparation: (COMPASS/ACCUPLACER)

Once the practice test is taken, the student can see what areas of the test they need help on and either use the online lessons and videos or access a tutor for more help.

Brainfuse also has a Writing Lab where a student can upload a paper they are writing to have the tutors look over it and given them suggestions about areas of their paper, including voice, fluency, organization, and word choice.

International Games Day — November 18th

International Games Day @ your library is an initiative of the American Library Association to reconnect communities through their libraries around the educational, recreational, and social value of all types of games.

In the 21st century, libraries are about much more than books. On Saturday, November 18, 2017, two thousand libraries around the world will showcase gaming programs and services in support of IGD15. This year marks the 10th annual event and our library is one of the many libraries participating.

Gaming of all types at the library encourages young patrons to interact with a diverse group of peers, share their expertise with others (including adults), and develop new strategies for gaming and learning. Plus, it's a way for traditionally underserved groups to have fun in the library and interact with other members of the community. Games Day is a great opportunity for families to get out of the house and play together in the one community institution that welcomes everyone.

On November 18th, we will have open

gaming from 10:30am — 1:30pm. During open gaming we will have out all of our board games and video games so that everyone can play.

Come and join us to celebrate the 11th year of International Gaming!

Did you also know that the library is a PokeGym? You could meet your friends here for a battle or meet up to catch rare Pokemon in the parking lot!

Join the City of Nederland as they celebrate
National Night Out
Tuesday October 3rd!
