Nederland schools have come a long way since the first school building, which was a shed used by a sixteen year old to teach 10 Dutch children with a translator’s help. The first classes were taught in 1898 by Lillie White of Beaumont. When a storm in 1900 destroyed the shed, classes were held at the Dutch Reformed Church. Eventually, community members pulled enough resources together to build a school. In 1902, the first official Nederland school opened. In 1911, near its present location, Nederland's first brick school, Langham, was built. As the student body continued to increase, expansion and construction became common factors in the district.

During the 1913-14 school year, the County School Board met to contemplate merging the growing Nederland schools with those in Port Neches. However, a board member had to leave to catch a train and the meeting was adjourned without a decision. Four years after that fateful train arrived, Nederland High School celebrated its first graduating class. The class of 1917 consisted of only three people but they were as proud of their diplomas as were the 351 seniors who graduated in 1999.
Nederland Independent School District, with a population of approximately 20,500, encompasses approximately 25 square miles in mid-Jefferson County. The district consists of seven schools; one high school (Class AAAAA), grades 9-12; two middle schools (grades 5-8); and four elementary schools (Early Childhood through grade 4), and one alternative campus as follows:

Nederland High School (18th Street and Spurlock Road)  
Stephen Fleming, Principal

C. O. Wilson Middle School (2620 Helena Avenue)  
Gary Tiner, Principal

Central Middle School (200 17th Street)  
Jerri Caldronia, Principal

Helena Park Elementary (2800 Helena Avenue)  
Wayne Dial, Principal

Highland Park Elementary (200 South 6th Street)  
David Coco, Principal

Hillcrest Elementary (2611 Avenue H)  
Karen Noble, Principal

Langham Elementary (800 12th Street)  
Wilfred Noel, Principal

Alternative Campus  
Michael Laird, Principal

Nederland High School graduated 351 students in 1999. The district has experienced a steady increase in enrollment in recent years, and it is expected that school enrollments will continue to increase in the immediate future. Instruction is administered by a professional staff of approximately 360, including teachers, counselors, supervisory personnel, and administrators. To accommodate the increasing student enrollment, the district has recently completed expansion of facilities at two elementary schools, and the science department at the high school.

The Nederland tradition includes early commitment to special education, well-equipped libraries with certified librarians, physical education and music education with certified teachers for all students, excellent vocational programs, a wide range of extracurricular programs, well-equipped and maintained buildings and grounds, and perhaps most important of all, a community which expects the best as a reasonable return of its investment.
Student services abound in the district. Health services include a registered nurse or a licensed vocational nurse at each campus. Guidance services available to students include orientation, individual and group counseling, placement and scheduling, standardized testing, parent consultations, and referrals to outside agencies. The Food Services Department and Transportation Division also provide additional services for the benefit of students.

All Nederland schools are fully accredited by the Texas Education Agency; in addition, the high school is fully accredited by the Southern Association of Schools and Colleges. Students are encouraged to take advantage of the comprehensive, well-balanced curriculum, equipping them with a diverse educational background enabling them to enter the workforce immediately upon graduation or gain admission to institutions of higher learning. A variety of programs are available for special populations of students: academically disadvantaged students, economically disadvantaged students, students with vocational/technical interests and aptitudes, gifted and talented students and others. An extended-year summer program is offered for redemption, make-up courses, or a limited amount of advanced placement courses. Throughout the year, students participate in competitions, including academics, music, and athletics.

Perhaps one of the district’s greatest assets, in addition to the students, is the commitment of parents to positively influence their children to seek the best education possible to prepare themselves for attaining their established goals. It is this district’s goal to provide the means to this end.
Nederland schools have traditionally been high-performing schools on both standardized achievement tests and on the state TAAS testing program. The standard for NISD had been the 90th percentile, and most of our schools have consistently maintained or surpassed this standard. Students taking the Exit Level TAAS test have consistently scored above the average. SAT scores remain consistently high and over 60 percent of NISD students traditionally pursue higher education. District dropout rate is only 1.8 percent.

Each school is supported by an excellent Parent-Teacher Association, which is affiliated with national and state PTAs and coordinated through a local Nederland City Council of PTA. Many volunteer hours and considerable funds are expended annually by these interested parties, joining teachers and administrators in providing an excellent educational experience for students in Nederland.

Nederland Independent School District is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, creed, color, sex, national origin, or handicap.

Comprehensive special education programs and services and vocational programs at elementary, middle, and senior high school levels are available. Lack of English skills will not be a barrier to admission and participation in all educational and vocational programs.
The district’s instructional program is well-balanced and comprehensive. The program includes the standard academic TEA requirements, and is enhanced by a substantial number of elective courses which are available to students beginning in the intermediate grades. The scope of elective courses includes computer science/computer math, creative writing, poetry, journalism, speech, theatre arts, sociology, psychology, marine science, geology, and others.

All elementary school students are offered music by certified choral music teachers. Art and theater arts are taught to those students in correlation with the other school subjects. Secondary school students may take several years of music. Each secondary school offers performing choir and marching and concert band. Art, arts and crafts, theater arts, speech, and debate are offered to secondary students.

All schools have well-equipped libraries supervised by certified librarians. Students may make use of this service before, during, or after school hours. Library collections of books and media far exceed accepted minimum standards and approach standards for ideal collections.

An Advanced Honors Program is available and the requirements are the same as the Advanced Program with the stipulation that five courses taken must be Honors Courses.

High school students are offered vocational/technical education alternatives to traditional academic programming through the Career and Technology Education Programs. These alternatives include agricultural science; marketing education; business; health occupations; home economics; trade and industrial; and technology education.

Nederland High School offers these tech prep programs; process operating technology, office technology, criminal justice, welding, machine tools, engine technology, environmental technology, industrial maintenance technology, and allied health.
All students are instructed in physical skills and conditioning by certified physical education instructors at all levels utilizing excellent facilities on every campus. Secondary school students may participate in extracurricular athletics such as football, basketball, baseball, soccer, track, golf, tennis, swimming, and volleyball.

The middle schools and high schools participate in established University Interscholastic League competition.

Students who are handicapped in any manner (from minor language disability to those seriously impaired) are offered programs from ages 3 through 21. Programs include services for students with speech or language disabilities, mental retardation, emotional maladjustment, learning disabilities, physical disabilities, other health impairments, or multiple handicapping conditions. Programs are offered in every district school.

Other programs for special populations of students are available on each campus. These include language arts and mathematics remediation, English as a Second Language (ESL), and the Challenge Program for the gifted/talented.

The district offers an extended-year summer program for elementary school students who fall below the standard expectation in reading or mathematics. Secondary school students may take make-up courses or a limited amount of advanced placement work. In cooperation with the city of Nederland, a recreation program is offered on several school campuses. Swimming instruction is conducted by Red Cross certified instructors.
The tremendous help and cooperation received from a group of dedicated individuals contributed significantly to the success of the Nederland High School Alumni Directory. Some of these people provided reunion lists, while others helped Nederland High School and our publisher track down hard-to-find alumni information. All “went the extra mile” to make the Nederland High School Alumni Directory as complete and accurate as possible.

On behalf of Nederland High School and the Bernard C. Harris Publishing Company, Inc., we extend a most gracious “Thank You” to the enthusiastic supporters listed below and to everyone else whose efforts have made our directory a very special volume:

DIRECTORY INFORMATION

The biographical information contained in this directory was compiled in the following manner:

a) Nederland High School provided the publisher with information contained in its files at the time the project commenced;

b) Publisher attempted to update the address and telephone number information through third party research vendors with which it had executed confidentiality agreements; and

c) Publisher made every reasonable attempt to verify the biographical information via direct contact with each individual via mail and/or telephone. During telephone contact, updates given by immediate family members may have been applied as well.

If attempts to verify the information directly with individuals were unsuccessful, the information originally provided by Nederland High School was utilized, with any address or telephone number updates obtained through research applied. We apologize in advance for any errors and omissions and we urge you to send corrected information regarding your listing to:

Nederland High School
Director of Career & Technology
220 17th Street
Nederland, TX 77627-5029

BIOGRAPHICAL SECTION

In this section, each alumnus/a is listed alphabetically, as shown in the sample below. When available, the following information is included in each listing: last name(1), first name & middle initial(2), maiden name or prior name (if applicable)(3); graduation class year(4); job title(5), employer(6), employer’s address(7), work telephone number(8); residence address(9), home telephone number(10); spouse (in italics)(11); and children(12).

SMITH(1), Mary A.(2), (Mary A. Jones)(3); ’67(4); Marketing Manager(5); Harris Publishing(6), 123 Main St., White Plains, NY 10601(7); 914 555-1234(8); r. 789 Elm St., Hastings-On-Hudson, NY 10706(9); 914 555-4321(10); Jeffrey(11); Joe, Mary(12).

The word “e-mail” appears at the end of the listing for each alumnus/a listed in the E-Mail Address Section.

Alumni with name changes are cross-referenced by their student names.
CLASS YEAR SECTION

This section lists Nederland High School’s alumni under their graduation years. Alumni who have changed their names are listed by the names they were known as while they were students. A single asterisk identifies alumni whose current addresses are unconfirmed; a double asterisk identifies alumni who are reported as deceased.

There are no class year listings for the years 1918 through 1922.

GEOGRAPHICAL SECTION

In this section, alumni are listed under their residence addresses in the following order: state of residence, U.S. Military, and Outside U.S.A. Following each name is the individual’s graduation class year.

E-MAIL ADDRESS SECTION

This section lists alumni alphabetically with class years and e-mail addresses.
BELL, Sandra K., (Sandra K. Davis); '98; 867-2255; Tehr., Burleson Middle Sch.; r. 8314 Cunningham, W. Falls, TX 77508, 817 447-3709; Debra Jack.
